

FAITH WITHOUT BORDERS - DISASTER RESPONSE TEAM

The Disaster Response Team, in collaboration with American Red Cross, assisted tornado victims in Griffith before departing for the Flood Relief Mission in Cedar Rapids, Iowa

Rich Segally is joined by other American Red Cross volunteers to offer cases of water to heat-exhausted residents.

Griffith residents were extremely thankful for the support offered by many local churches.

Mary Anne Koke assisted American Red Cross by answering phones for three hours. She recorded critical information and then connected people to community resources.

American Red Cross clean up kits were unloaded by Helen Rutkowski and personally delivered to residents in the hardest hit neighborhoods.
