***Children of Abraham,*** based in Munster,  
Indiana, is an ecumenical organization established  
by the Methodist Church in Hammond and Muslim  
congregation in Crown Point.

For the past 6 years, they have collected surplus  
medical equipment and supplies from physicians  
and hospitals in the United State. *Children of  
Abraham* has shipped millions of dollars of medical  
items to over 17 different countries.

As partners, our parish applauds their work to  
reach out to the afflicted, the poor, and people in  
war-ravaged countries.
